Biblical Response to 2019-nCoV
Bishop Joseph R. Castillo

Dear Hoithanh.com Readers,

I like to introduce myself to hoithanh.com I am the Bishop of All Nations International Fellowship a Pentecostal network of Churches in Wuhan, Hubei province China. We have branches in Beijing, Guangzhou, Dornod province Mongolia and BGC Manila Philippines.

I was recently warned in a dream shortly after leaving Ho Chi Min City where I hosted Rodney Howard-Browne for a one night revival around October. My wife saw a wave of attack coming to Asia, primarily China with sharks in this wave. So we stepped outside of China in the dream but were right outside of her borders watching behind a glass door, and my wife asked the Lord are we safe here because the separation between the shark infested tidal wave and our locations was very thin. I immediately called Dr. Rodney Howard-Browne and shared the dream and he asked me what did I feel the interpretation was.

I told him an attack is coming in and we need to step out of China and relocate our world headquarters somewhere across the borders. When the attack is over God will give us a great harvest of revival in China. He confirmed this interpretation and told me to leave quickly so we packed up and exited asap.

I sent my wife and kids ahead of me January 15th because I have 4 consecutive revivals planned to preach across all of China from January to February. In Weifang, Haikou, Nanjing and Ningbo. In each city revival Christians traveled from all over the surrounding provinces by flight and train to attend the revival I was ministering at. Weifang was January 13-16, then Haikou was 17-19 and Nanjing was 20-22 give or take a day.

The fire of God was present in Weifang with many miracles and supernatural power of God. I did 4 services there and a water baptism ceremony. Then I flew south to Haikou where Wuhan Church, and Wenzhou churches traveled in over 40 hours by bus and ferry to attend the revival. Miracles happened each session and revival poured out, however the intercessors of the

conference had a vision during this conference on the 16th or 17th. God opened her eyes and she saw people in the laboratory and these people mixed something from two different animals, she to the team from Wuhan and Wenzhou to pray for protection, and that THE BLOOD OF JESUS will protect them.

I did not know this until January 28th they messaged me and told me but those in the meeting testify of this. However without any knowledge of any 2019-nCoV or illness the Holy Spirit led me to take anointing oil and we anointed each and every person for hours and miracles poured out. This is not something I did in Weifang but it was divine direction.

I rested one day at the Hilton in Haikou and flew the next day to Nanjing and on the news CNN began to report about 8 people with a SARS like virus in Wuhan city. By the 22nd the number in Wuhan jumped from 8-23 if I recall correctly and I stopped the entire service and I said this is bigger than anyone knows, we need to go into spiritual warfare. And I began to lead the entire conference of around 800 believers from all across southern China into spiritual warfare (all of this is on video documented some can be seen on my facebook page /BishopJosephCastillo)

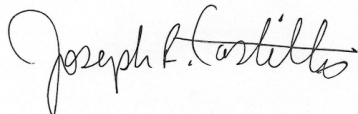

On February 12th I spoke with the Church leaders of Wuhan and they said not even one member of their Church has gotten sick and none of the Christians in the Churches of Wuhan in there association has been sick. Dr. Brett Singh Lyndall a front line Dr. against the 2019-nCoV in the closed down city of Wenzhou reported people they been laying hands on praying for in Wenzhou with symptoms while providing health care have been healed of all symptoms.

God gave me a message last week on 3 keys to avoid the virus which is 1. Applying the blood of Jesus through daily household communion 2. Staying full of the Holy Ghost 3. Having seed in the Kingdom particularly being a tither and sower.

Through these steps God will put a difference between us and the world in regards to divine health. This message will be available on our youtube Channel [youtube.com/c/LivingProofTV](https://www.youtube.com/c/LivingProofTV) by this weekend.

Ps. Thank you for your prayers for the Churches in Asia.

Sincerely Yours,

RIGHT REV. JOSEPH R. CASTILLO D. D.
